

# Hidden Meanings

A Puzzle by David Pleacher

Published in the Spring 1983 issue of the *Virginia Mathematics Teacher*

In each of the following arrays of letters, a definition is hidden. Each phrase begins in the upper left hand corner and continues through the array, one letter at a time, moving either horizontally or vertically. After discovering the definition, write the word that corresponds to it in the space provided. (All definitions involve quadrilaterals.)

A W W O T C O N  
S D T N O N E S  
E N G O T U C E  
G I N A I V E V  
M Z I O I T R E  
E N T J C E S O
