

Knight Life

By Raymond Love in GAMES October 2020

Can you fill in the boxes in the grid below with the other numbers from 1 to 16 by making only the moves of a knight in chess?

The numbers follow each other in numerical order.

Four boxes in the grid will not be used, and the answer is unique.

	14	9	4	
	16			
	1	6	11
