

The Story Chapter 9

The Faith of a Foreign Woman

Right Angle Puzzle

Determine the answer for each clue listed below.

Then write the letters of that answer in the 11 by 6 matrix using the following rules:

- (1) Each word makes one right-angle turn somewhere along its length.
But you must determine where each word makes this turn and in which direction.
- (2) As a guide, the starting direction (i.e., the direction of the word before its right angle turn) of each answer is indicated by the letter given after the clue number.
- (3) Words can go North, South, East, or West to start with.
For example, 1S begins on square 1 and heads South.
- (4) Each letter in the correctly completed grid appears in only one word.

					1
