

Word Play -- Body Language  
by Raymond Love in GAMES WORLD OF PUZZLES

Many words that name a part of the body can begin a familiar compound word (like heartwarming) or two-word phrase (like face card). Can you match each body part below (1 – 26) with the word that completes the compound word or two-word phrase? There's only one way to match up all the words in a sensible way.

- |            |              |
